

# 10 Questions to Ask Before You Trust Anyone

Use this checklist to evaluate any company that claims it can help with your timeshare — including us. If they can't answer these questions clearly, walk away.

Question to Ask	Their Answer
1 Do they charge before doing any work?	
2 Can they show you what their legal work actually looks like?	
3 Will they analyze YOUR contract before you pay anything?	
4 Can they cite specific laws your contract may have violated?	
5 Do they "guarantee" cancellation?	
6 Do they tell you to stop paying maintenance fees?	
7 Will they explain their fee structure in writing before you commit?	
8 What happens if they fail?	
9 Do they use the phrase "timeshare exit" to describe what they do?	
10 Are they willing to tell you what they can't do?	

**Red flags:** Upfront fees before any work • "Guaranteed" results • Advice to stop paying maintenance fees • No sample legal work to show • Vague or verbal refund promises • High-pressure urgency tactics
